### Project №1057

#### Creation of an Electronic Trading Platform

**Project description:** It is planned to create an electronic trading platform for conducting procurement procedures for commercial and government organizations. The portal will host government and corporate purchases of Uzbekistan, and private organizations will also be given the opportunity to display their purchases on this portal. A public procurement operator license will be obtained. The state procurement market for 2020 amounted to 109 trl UZS, while more than 1 million tenders are exhibited in Uzbekistan per year. The portal earns commission from the customer and from the supplier. The author of the project has extensive experience working on exchange platforms. The author of the project invested about **\$ 50 000**.

**Required investment amount: \$ 500 000, of which:**

Name	Amount, \$
Human resources Hiring programmers (10-15 people) payment for 12 months. Before the launch of the project	250 000
DATA CENTER Purchase of server equipment and purchase of a room of 20 m2 (a warehouse-type room)	250 000
<b>TOTAL:</b>	<b>500 000</b>
